Dear Parent/Guardian:

As we begin the second semester, we have updated our tardy policy. We would like for you to discuss the updates with your child.

Our updated tardy policy is as follows:

1st Tardy- Student reports to tardy table to receive a written warning, which serves as a tardy pass to enter class.

2nd Tardy- Student reports to tardy table to receive a second and final written warning, which serves as a tardy pass to enter class.

3rd Tardy- Student reports to tardy table to receive a written warning which will serve as a tardy pass to enter class. Student will also receive an After-School Detention that must be served within 7-10 days of receiving the tardy where they will create a success plan so that they can arrive to each class on time. **

4th Tardy- Student reports to tardy table to receive a written warning which will serve as a tardy pass to enter class. Student will also receive two days of After-School Detention that must be served within 7-10 days of receiving the tardy where they will review and revise their success plan so that they can arrive to each class on time. **

5th Tardy- Student reports to tardy table to receive a written warning which will serve as a tardy pass to enter class. They are also assigned a Saturday School that must be served on the next scheduled Saturday School. Student will revise original plan for success during Saturday School. **

6th Tardy - Parent Teacher Conference is arranged and student will **lose passing until parents attend PTC** to develop a plan for success with the team.

**** Failure to complete any above listed intervention will result in a discipline referral****
